JOB REFERENCE: DESIGN ENGINEER

Dear Hiring manager,

My name is Ruban Kumar. I'm Completed B.E Mechanical Engineering at Sri Krishna College of technology in coimbatore. I read about this design engineer job opening on your 'Linkedin' page and am writing to see if I may be considered for this role.

I was highly motivated Engineer with 1.5 years of experience as CAD Engineer at TATA AUTOCOMP GOTION GREEN ENERGY SOLUTIONS PRIVATE LIMITED (TACO-EV), where my role involves working on commercial vehicle projects, including both mid-range (MR) and long-range (LR) electric vehicles.

I have Technical Skill in Product design & development, Packaging feasibility analysis, DFMEA, Manufacturing feasibility assessment, Design freeze & release for tooling, Proto & Beta sample development & Customer management. Dedicated and focused individual with vast knowledge and the experience of working projects on Catia V5. Currently looking for a mechanical design engineering job position in a fast-paced organization where I can hone my skills and utilize my knowledge and skills in an effective manner for the greater benefit of the organization.

Sincerely,

Ruban Kumar C.
