WORK EXPERIENCE

Five Fingers Exports, Coimbatore : Senior Service engineer.

APR 2023 – Still going on

I am working as **Sr. Service Engineer** in above mentioned company. My job is to visit and install new machines at customer locations with our main objective. I will also repair the machines if there are any repairs. I have thoroughly **understood all five types of machines** and modified any of them with updated **designs**. I **repair mechanical** and **electrical** parts of machines. I will correct errors in electrical components such as **PLC, HMI** and **servo drives**. I have gone to **India and abroad for installation and service**.

Laksumi Garments, Tirupur : Production Manager.

JAN 2020 - DEC 2022

I have been working in Laxmi Garments for about three years as a Product Manager. This company manufactures the contents required by the big companies in **the Indian market**. **Collecting the materials** required for **the production** and **producing** and **distributing** the goods on time.

Perfect Global Machines, Tirupur : Service engineer

OCT 2017 - DEC 2019

I have good knowledge in laser machines and having experience of handling the laser machine since 2017. I have good experience in **installing** and **calibrating** new machines. I also repaired machine parts such as **SMPS, motor_driver**, focus adjustment and laser tube on my own. If there are any changes in **PLC**, I will implement them.

CERTIFICATIONS
