Dear HR,

I am writing to express my interest in the Senior Electrical Engineer position at Sri Varu Motors, as advertised. With over 2 years of experience in electrical engineering, specializing in the automotive sector, I am excited about the opportunity to contribute to your innovative projects and help drive the future of mobility.

In my current role at student of IIT Mandi, I have led multiple projects that involve the design, development, and testing of advanced electrical systems for vehicles. My expertise in machine learning, power electronics, electric machine, embedded systems has allowed me to develop solutions that not only meet but exceed industry standards in terms of performance, efficiency, and safety.

A key project I spearheaded involved predication in automatic power mode change in electric bicycle. This experience has honed my ability to work collaboratively with cross-functional teams, manage complex project timelines, and deliver high-quality results under pressure.

I am particularly drawn to Sri Varu Motors because of your commitment to advancing electric bike technology. I am confident that my technical expertise, combined with my passion for the automotive industry, would make me a valuable asset to your team.

I am eager to bring my skills in electric engineering technology with industry standards to Sri Varu Motors. I would welcome the opportunity to discuss how my experience and skills align with the goals of your company.

Thank you for considering my application. I look forward to the possibility of contributing to the continued success of Sri Varu Motors and am available at your earliest convenience for an interview.

Sincerely,
Mani. S
